

REMARKS/ARGUMENTS

1.) Claim Amendments

The Applicant has amended claims 43-44. Applicant respectfully submits no new matter has been added. Accordingly, claims 43-63 are pending in the application. Favorable reconsideration of the application is respectfully requested in view of the foregoing amendments and the following remarks.

2.) Claim Rejections – 35 U.S.C. § 112

Claims 43-52 stand rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter as the invention. Applicants extremely appreciate the Examiner's thorough review of the claims and have accordingly amended Claim 43 to correct the antecedent basis problem and Claim 44 to correct the incomplete sentence problem. The remaining claims, 45-52, are rejected because of their dependency on rejected claims 43. Since the Applicants have corrected the deficiencies in claim 43, the Applicants respectfully submit that remaining dependent claims 44-52 are now allowable.

3.) Allowable Subject Matter

The Applicant gratefully acknowledges the allowance of claims 53-63.

CONCLUSION

In view of the foregoing remarks, the Applicant believes all of the claims currently pending in the Application to be in a condition for allowance. The Applicant, therefore, respectfully requests that the Examiner withdraw all rejections and issue a Notice of Allowance for all pending claims.

The Applicant requests a telephonic interview if the Examiner has any questions or requires any additional information that would further or expedite the prosecution of the Application.

Respectfully submitted,

John C. Han
